FOR GENERATIONS THE DEEPEST SECRETS OF THE JUNGLE HAVE BEEN KNOWN TO THOSE WHO CARRY THE NAME PHANTOM, THE MYSTERIOUS "GHOST WHO WALKS." BUT AT THE SUCKING SOUND OF THE PLACE WHERE THE URABI RIVER DISAPPEARS UNDER-GROUND, THE WHIRLING WATERS HAVE KEPT SECRET FOR ALL TIME WHAT HAPPENS TO THOSE WHO FALL HAPLESS INTO THIS PLACE. Save The Seals

There are many people who will tell you that I am ageless. That I have lived for centuries. There are other people who claim that I know the many ancient secrets of the East. And there are those who even say that I belong to the future. I make no comments on these statements or on any of the other things that they may say about me. I will admit only one thing: Where there is Evil in this world — I am dedicated to fighting it. That I am a friend of the birds that fly, the animals that roam our lands, and even the inhabitants of the sea, is well known.

I had finished a special assignment for the U. S. when I was informed that Lord Walter Hathorne was in town and wanted to see me at once. He sent his car and chauffeur to pick me up and bring me to his suite at the Amerana Hotel. He was practically a multi-millionaire and rated as one of the three richest men in the world. He greeted me most warmly and came right down to the object of my visit.

"As a boy I had a pet seal. So you can call it sort of sympathy for seals that makes me want to do this. As you know, seals bear their young in February and March. And up north, men have hunted the harp seal off the coasts of Labrador and Newfoundland for two hundred years. And in the Gulf of St. Lawrence for a lesser time. Baby seals several days old are preferred because their pelts are softer and thicker. They are easily captured because a blow on the head kills or stuns them. And then they are quickly skinned. As a result of a recent television program in this country, millions of people here saw that some of those seals were skinned while still alive. And there was an outcry against this barbarism.

Go to the village of St. Andrews, I will give you all the money you need. For political reasons I do not wish my name to be associated with this project. But save the seals!"

I flew north to Canada. Then chartered a small plane which was able to land in a field outside of the village. I went to see the mayor, John Kempton. And told him I had a deal to make to the villages. I showed him a bank draft made to my order on the Bank of Canada. He called a special meeting of the villagers and I addressed them.

"Do not hunt the baby seals," I began. "Just let them rest on the ice floes. Then they will be able to go out to sea and live. Whatever each of you earned last year, I will give you that same amount plus a bonus."

Fortunately my work was now even up in that small village. There was discussion. And then a vote. Only five men voted in the negative. There was almost a fist fight. But legally nothing could be done to stop those men. I then made out checks to the men who had agreed not to hunt the seals.

"You can not buy us off," said Gregory Mallix one of the five.

"We will hunt them as we always did on this Thursday when the season begins."

I stayed at the home of the mayor. On Wednesday afternoon I walked the major ice floe where the baby seals were resting. I petted them and walked away. At least I had saved most of them. On Thursday the temperature went up. Gregory Mallix and his four companions started walking out on the ice. Each had a club and a skinning knife. Then suddenly, we on shore, heard a terrible noise. That section of the ice with men on it parted. And as though mysterious hands were pushing it, started quickly to go out to sea! There was no way to rescue them. You would have had to carry the boats over the ice and the ice would have then cracked. The men shouted for help. Then men screamed for help. To jump into the water — cold as it was — would have meant death for each within a few minutes.

And then the baby seals swam to the outmost edge of the break-away ice floe. They pushed it back slowly and gently to the main ice floe. The people on shore could hardly believe their eyes! The seals were saving the very men who wanted to kill them! As soon as the ice floes met, the men jumped to safety. Later, Gregory Mallix came to me.

"They saved us! We can never go out there again to kill them!"

They refused to take the money I offered them at first, but I pointed out they had families to support.

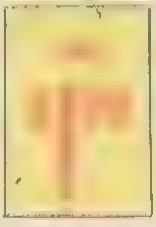
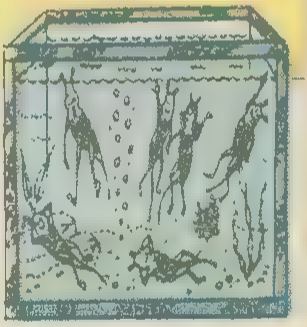
SEA-MONKEYS® LIVE SEA ANIMALS

Just Add Water — you've got "INSTANT LIFE"®

Yes, it's the living truth! In only five minutes you will actually hatch a whole tumbling, playful, happy troupe of Sea-Monkeys that are even more fun than a zoo full of chattering, howling jungle monkeys! World's most amazing new pet, children and adults alike will laugh and thrill with wonderful excitement. Watch the comic antics of these fantastic underwater buffoons that are really alive. Any minute of the day or night, you'll see them chase one another in a playful game of tag. The loser gets caught by his tail and is spun in a dizzy circle. See the "showoffs" turn cartwheels of joy in the water . . . see the ticklish ones "scratch" each other's backs. Watch them swim singly or in ever-changing graceful formations, creating a live sea-circus.





These genuine living sea animals begin life from a seemingly inanimate handful of glittering crystals which contain the secret of life. A fantastic genetic material that stays alive for as long as twenty years. And these delightful pets that are born alive are so tiny . . . only three-quarters of an inch long when full grown, you raise an entire troupe in an ordinary glass of water from your sink. It's so safe, just empty the package of crystals we send you into the fish bowl of water and you will immediately see "Instant Life." Best of all, you can create a whole new brood at any time, to give as gifts or sell if you wish.

You can actually make these marvelous Sea Monkeys behave like a bunch of trained seals as they follow a beam of light anywhere. Just darken the room and watch them follow a flashlight or candle beam forward, backward, sideways or around like a pack of happy kids playing Follow the Leader. So don't delay! Order now. Only $1.00 plus 25¢ shipping charges complete.

Receive with each order, a magnificent, fully illustrated "Instant Life" Handbook of instructions, tricks, training and amazing life history of Sea Monkeys. PLUS — A FULL YEAR'S SUPPLY of special Sea-Monkey Growth Food to feed your fantastic pets! NOTE: Sea Monkeys are so simple to handle, even a 6 year old child can raise them successfully!

WILL YOU SPEND $2 TO SAVE YOUR HAIR?

How many hard-earned dollars have you spent to save your hair? How many hair tonics, gadgets, restorers, electrical devices, have you tried in the last few years — with no success? How many times after an unsuccessful hair-growing attempt have you sworn not to spend another cent on another hair treatment?

Yet, you buy the next product that comes on the market with hair-growing claims.

Stand in front of a mirror, take a long hard look at the top of your head. What have you to show for the money you spent on hair restorers? Do you have as much hair as one year ago? Do you see any signs of new hair, or new hair growth? Why the failure?

CAN YOU GROW HAIR?

Doctors who have spent a lifetime studying hair and hair growth have concluded that nothing now known can grow hair on a bald head. So, if you are bald, prepare to spend the rest of your life that way. Accept it philosophically and quit spending hard-earned dollars on hair growers.

If you can't grow hair — what can you do? Can you stop excessive hair loss? Can you save the hair you now have? Please read every word in the rest of this statement carefully. It may mean a big difference to you — the difference between saving your hair and losing it.

Itchy scalp, hair loss, dandruff, very dry or oily scalp, are symptoms of the scalp disease called seborrhea. These scalp symptoms are often warnings of approaching baldness. Not every case of seborrhea results in baldness, but doctors now know that men and women who have this scalp disease usually lose their hair.

Seborrhea is believed caused by three parasitic germ organisms (staphylococcus albus, pityrosporum ovale, microbacillus). These germs first infect the sebaceous glands and later spread to the hair follicles. The hair follicles atrophy, no longer can produce new hairs. The result is "thinning" hair and baldness.

If you are losing your hair due to seborrhea, here is good news. Treat your scalp to Ward's Formula. This amazing scalp medicine quickly controls seborrhea and stops the hair loss it causes.

Doctors and hospitals can obtain professional samples of Ward's Formula on written request.

Male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss, for which neither the Ward treatment nor any other is effective.

DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills these three parasitic germ organisms retarding normal hair growth. This swift germicidal action has been proven in scientific tests by a world-famous testing laboratory (copy of laboratory report sent on request). Ward's removes infectious dandruff, stops scalp itch, brings hair-nourishing blood to the scalp, tends to normalize very dry or oily scalp. In brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 350,000 men and women on our famous Double-Your-Money-Back Guarantee. Only 1.9% of these men and women were not helped by Ward's and asked for their double refund. This is truly an amazing performance. Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. *Try it at our risk.* In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp itch must stop. Your hair must look thicker, more attractive, and alive. Your excessive hair loss must stop. You must be completely satisfied — in only 10 days — with the improved condition of your scalp and hair, or simply return the unused portion for Double Your Money Back. So why delay? Delay may cost your hair.
